

## FIXTURES AND ELECTRONIC BALLASTS

### Vita-Lite - Light Fixtures With Bulbs (18" and 24")

#### **Includes Full Spectrum 24", 20 watt bulb - Excellent for People, Pets, Plants**

Fixture (24") installs easily, anywhere, home or work. Excellent for mounting under cabinets in kitchen, great for people, pets, and plants. One the most popular items for birds. Mount anywhere. No special wiring, and plugs into regular socket. Optional lens cover available (do not use for pet or plant lighting).

<b>Vita-Lite Fixture – 24"</b>	Item No. DT-4842	List Price - \$50.00	Our Price - \$45.00
<b>Optional Lens Cover</b>	Item No. LC24 - \$3.50	(not recommended for use with pets or plants)	
<b>Replacement Bulb</b>	Item No. VL-3028 - \$16.00		

### **Vita-Lite 18", 15 watt Full Spectrum Bulb**

#### **Excellent for People, Pets, Plants**

Fixture (18") installs easily, anywhere, home or work. Recommended use without lens cover for pets. Excellent for mounting under cabinets in kitchen, great for pets, and pets, plants. Mount anywhere. No special wiring, and plugs into regular socket.

<b>Vita-Lite Fixture 1 Lamp Strip</b>	Item No. SF118	List \$40.00	Our Price - \$30.99
<b>Vita-Lite Fixture 1 Lamp Under Cabinet</b>	Item No. UCF118	List \$40.00	Our Price - \$30.99
<b>Replacement Bulb</b>	Item No. VL-1017 - \$17.00		

Call for other Under Cabinet, 36", 48"

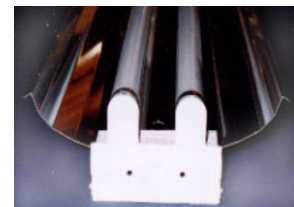

**FIXTURES (Cont.)**

**Strip Fixtures** – Metal Commercial grade fixtures, and electronic ballast, one or 2 bulb, operates T5, T8, T10, T12 (18 to 110 watt). Optional Reflectors, Plug in Cords

**Strip Fixtures – Bulbs Not Included**

- Item No. SF118, One Bulb, 18" - \$30.99
- Item No. SF218, Two Bulb, 18" - \$35.99
- Item No. SF224, Two Bulb, 24" - \$45.99
- Item No. SF236, Two Bulb, 36" - \$45.99
- Item No. SF148, One Bulb, 48" - \$45.99
- Item No. SF248, Two Bulb, 48" - \$49.99

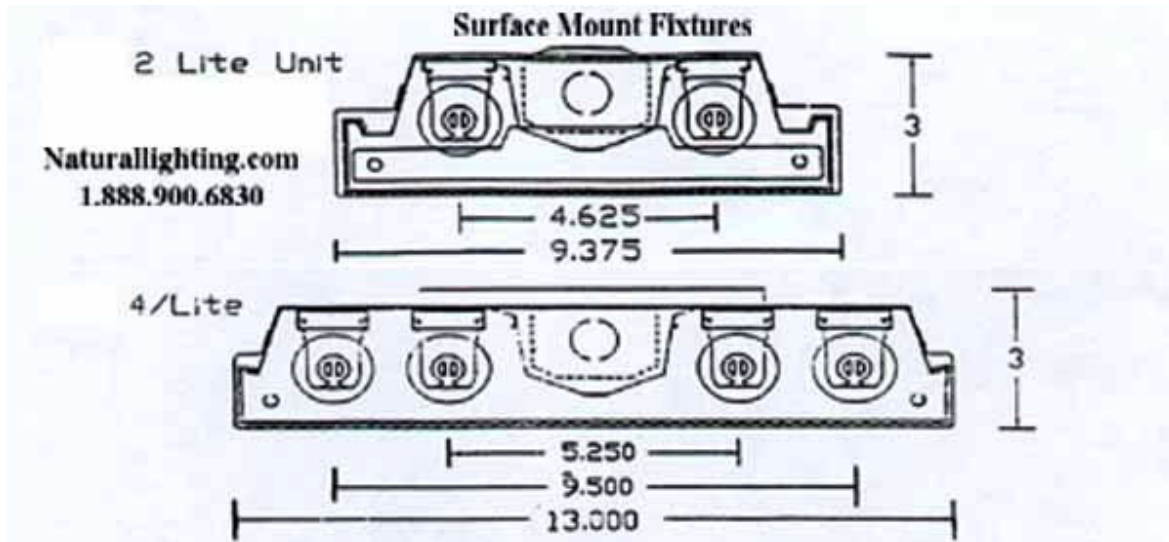

- Plug In Cord – 6' - \$8.00
- Plug In Cord – 12' - \$12.00
- Reflector 24" for Two bulb fixture –Item No. NLR24M - \$20.00
- Reflector 36" for Two bulb fixture - Item No. NLR36M - \$23.00
- Reflector 48" for Two bulb fixture - Item No. NLR48M - \$25.00

**Surface Mount or Hanging – 24", 48", two bulb or four bulb (electronic ballasts)**

- SM224 - \$50.99 – 24", 2 bulbs
- SM424 - \$85.99 – 24", 4 bulbs
- SM248 - \$70.99 – 48", 2 bulbs
- SM448 - \$90.99 – 48", 4 bulbs

Do not use lens cover for pets and plants.

Optional Plug in cord for fixtures – 6' - \$9.00 - 12' - \$12.00    On / Off Switch – SWF - \$12.99

### Hood – Ceiling Mount or Hanging – 24”, 36” or 48”

2 bulbs, Electronic Ballast (5 yr. Warranty), includes Miro-4 polished aluminum reflector  
Plug in cord (Do not use lens cover for pets and plants)

HF24E - \$100.00 24”

HF36E - \$125.00 36”

HF48E - \$150.00 48”

## UNIVERSAL ELECTRONIC BALLAST

**Operating Temperature -20° F (-30° C) to 158° F (70° C)**

**5 Year Manufactures Warranty**

**9 Ballasts operate 124 Lamps in  
756 Combinations**

### **Ballast specifications common to all WorkHorse**

Operating Voltage	120 VAC ± 10%	277 VAC ± 10%
Frequency	50/60 Hz	
ATHD	Meets ANSI C82.11-1993	
ATHD	Meets ANSI C82.11-1993	
Over Current	Fuse	
Voltage Transients	MOV (PER ANSI C82.11 – 1993)	
EMI/RFI	FCC PART 18-A	
Regulatory Approvals	UL & cUL Listed	Type 1 Outdoors
High Power Factor	> .90	
Open Circuit Voltage	600 V RMS Max.	
Ballast Min. Operating Temp.	-20° F (-30° C)	
Ballast Maximum case Temp.	158° F (70° C)	
Ballast Lamp Starting Mode	Instant Start	
Class P (Thermal)	Sound Rating – A

### Electronic Ballasts

### **HIGH PERFORMANCE ELECTRONIC BALLASTS – INCREASE LIGHT OUTPUT 10% TO 30% WITHOUT CHANGING BULBS, FLICKER FREE**

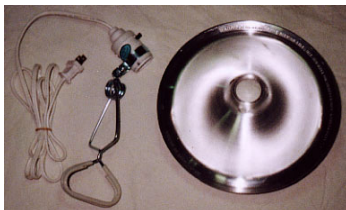

Our new exclusive Super-Tek high performance universal electronic ballast is the most advanced electronic ballast on the market. **MADE IN USA.** No longer need several different ballasts, one ballast does it all. Extend lamp life, and 20% to 30% more-light (T-8) and 10% more light (T-10, T-12) per bulb without additional energy cost, flicker free, excellent for aviaries.

- Unique technology and patented design
- Anti-arcing protection and improved personal safety for lamp changes
- Fewer parts
- More durable components
- Elimination of life-limiting electrolytic capacitors found in power circuits of other electronic ballast design
- Modulated starting current, eliminating hard starts that deplete cathode material
- Increased lamp life and reduced premature end blackening
- Reduced unfavorable “end of lamp life” problems common with other ballast designs
- Higher maintained light output compared to other ballast designs internal circuit heat
- Use of aluminum housing reduces heat trapped by steel casing used in other ballast designs
- Ability to handle higher and more repetitive in-rush current or power surges

All types of ballasts are available (standard magnetic and electronic). Email or call for pricing.

### Clamp On Fixture

Use with Spiralux Vita-Lite, or any type of fluorescent or incandescent bulb, 6' cord, can be used with or without reflector. Reflector not required when using Vita-Lite Spiralux (DT-1171LN with Reflector)

Code No. CL100

Price: \$10.99

**We can provide any type of bulb or fixture on the market.  
Please email or call for special orders**
